|-------------------|--------------------|-----------------------|
| Product UI Design | UX/UI Design | Wireframing |
| Prototyping | Dashboard UI | SaaS Product UI |
| Mobile App UI | Responsive Design | Design Systems |
| Developer Handoff | AI-Assisted Design | Usability Improvement |

PROFESSIONAL EXPERIENCE

UI/UX Engineer / UI/UX Developer | IDARE - Signature 11 IT, Dhaka

August 2020 - Present

- Design and improve user interfaces for SaaS web applications, dashboards, admin panels, chatbot UI, and internal digital products.
- Create responsive frontend interfaces using HTML, CSS, React.js, Material UI, Tailwind CSS, and modern component-based practices.
- Use AI tools to analyze app design issues, improve layouts, refine user flows, and speed up design problem solving.
- Support design-to-development workflow through visual assets, reusable UI elements, frontend implementation, and clear team collaboration.

IT Engineer | Shourov Fabrics & Weaving, Dhaka

December 2018 - July 2020

- Provided IT support, system management, document setup, mailing communication, and technical assistance.
- Worked on web design, graphic design, basic frontend development, and internal digital documentation support.

Frontend Engineer | AlemHealth, Baridhara DOHS, Dhaka

August 2017 - July 2018

- Worked on healthcare web applications for patient, doctor, clinic communication, and data upload workflows.
- Designed and updated UI/UX for progressive web applications and implemented interfaces using React.js, Sass, HTML, and CSS.

Frontend Engineer Intern | INOVIO, Baridhara DOHS, Dhaka

February 2017 - July 2017

- Converted PSD designs into responsive HTML/CSS layouts and supported web app/admin dashboard interfaces.
- Customized WordPress themes, improved frontend layouts, and fixed UI consistency issues across multiple projects.

ADDITIONAL EXPERIENCE

Book Inspector / Data Entry Support - Bureau Veritas Bangladesh Pvt. Ltd., Dhaka | 2016 - 2018

Supported book inspection, data entry, team coordination, documentation, and site/factory visit-related tasks.
